Dear Mr. Hillstead:

This letter confirms our agreement to resolve the election protest of Dean Bjornson and Gordon Teller on the basis that they will be permitted access to the parking lot area between East Marginal Way and the fence for purposes of campaigning. I have conveyed to Mr. Teller by telephone this agreement, together with your concern that they not detain people who do not wish to be detained or intimidate female employees who work nights.

Sincerely,

*Christine M. MRAK*
